

# Self Check-In

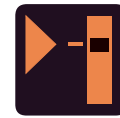

Self Check-In is an **easy way to check-in**. Provided you have made a **booking in advance of travel**, simply follow the step-by-step instructions provided on the touch screens to print your departure hanger. This will take just a few minutes, it couldn't be simpler!

THE MOTORISTS' NO.1 CHOICE FOR CROSSING THE CHANNEL

## How does it work?

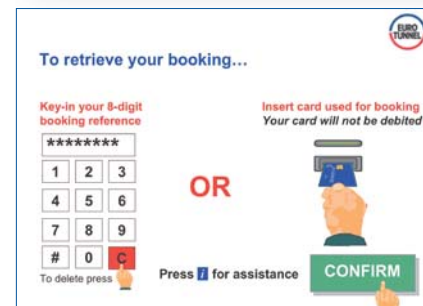

On arrival at Check-In, look out for this symbol and proceed to the Self Check-In lanes. Stop at the kiosks situated just **before** the main booths.

The following screen will appear:

Touch the flag of your choice to select your preferred language.

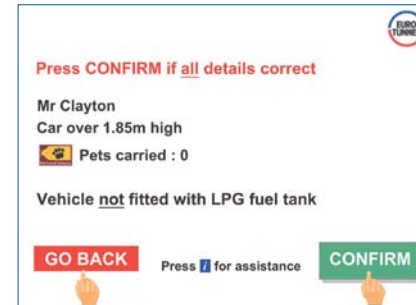

If you have booked directly with Eurotunnel by Internet or telephone, simply **insert the payment card used to make your booking** in the slot provided.

If you have used any **other method of payment**, or have booked through a **travel agent, tour operator or via a corporate account**, simply key-in the eight digit booking reference number.

**!** Retrieve your booking faster by having your payment card ready. **Your card will not be debited.**

Your booking details appear. Check them carefully before pressing Confirm.

Trust our system to find the best options for your journey

The time of the shuttle you are booked on is confirmed. If space is available on an earlier shuttle, you will be able to choose your preferred departure.

Your departure hanger is printing

Don't forget to display your hanger on your rear view mirror

**On your return journey, simply follow the same steps to print your departure hanger.**

If at any stage you encounter problems during your transaction, just press **i** to the side of the screen and one of our Agents will assist you.

To find out more about Self Check-In and to preview these screens on-line, visit [eurotunnel.com/selfcheckin](http://eurotunnel.com/selfcheckin).

We hope you will enjoy the benefits of this service and wish you a pleasant journey with Eurotunnel.
